Excerpts from letters of students at the Pontifical University of the Holy Cross

Fr. Prasad Harsham Paranathantrige, from the diocese of Colombo, Sri Lanka:

"I am the first priest from my small Island, Sri Lanka, who has undertaken the course of Social Communications and Mass Media. This area of study was given to me by my Archbishop Malcom Cardinal Ranjith who has a missionary dream of starting a Radio and TV channel for Catholics in Sri Lanka." "I thank God for placing me in this blessed University, which has already started her mission of empowering me."

"The University is providing me with best formation in order to be closer to God my Father and Mary my Mother."

Fr. Anthonius Gregorius Lulu, from the diocese of Manado, Indonesia:

"It has been a great experience to study here in the Eternal City and to have such a prestigious formation from the Pontifical University of the Holy Cross. Permit me, in this short letter, to express to you my profound gratitude for all the help you have extended to me all throughout my stay in Rome. I fervently pray that I may be able to serve the Church with generosity and sacrifice".

Fr. Okoroafor ThankGod Eberechwukwu, from the diocese of Okigwe, Nigeria:

"I consider myself privileged to have my studies in Rome. My studies at the Pontifical University of the Holy Cross will help me to contribute immensely to my native church and to the Catholic Church in general." The experience I receive orients my vision and really deepens my faith. I pray that Almighty God keeps you in his palms and showers your lives with his choicest blessings."
